

Sample File of LaTeX for NIFS-Annual report.

1) Samples, "Sample of bibliograph", Sample , (2008) 04 vol.83 no.2-3 pp.260-264.

TOKI, Oroshi (Some Univ.)

This is a sample tex file for NIFS Annual report¹⁾.
The usage may be almost same with a standard documents using article class.

The heading is as

```
\documentclass[a4paper,10pt,twocolumn]{article}
\usepackage[dvips]{graphic}
\usepackage{TexSampleAnnRep}
```

And the paper title and author(s) can be written as;
`\title{ Sample File of LaTeX for NIFS-Annual report.}`
`\author{TOKI, Oroshi (Some Univ.)}`
`\maketitle`

i) Paragraph title If you need some paragraph title, the `\section{}` may be used.

Another paragraph style Also, the `\paragraph{}` can be used.

Figures, tables and equations are written as standard way.

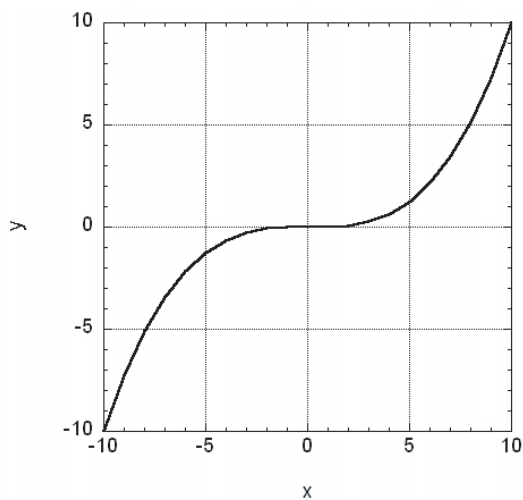

Fig. 1: Figure caption.

$$I_c = AX_c + BY_c \quad (1)$$

Table I: Table sample

Voltage	180 kV
Current	6.2 A
Duty ratio	1/20
