Mr. Kazuhisa Mori
Executive Vice Chairman
Japan Atomic Industrial Forum, Inc.
Fax. +81-3-3508 2094

Ha Noi, 21 January 2002

Dear Mr. Mori,

After receiving your letter dated January 9, 2002, I asked my colleague to meet with H.E. Prof. Tran Quoc Toan, Vice Chairman of the Government Office to convey your letter and to explain your request.

H.E. Prof. Tran Quoc Toan greatly appreciated your willingness in furthering the cooperation between the two countries in the field of nuclear power. Especially, he expressed his sincere thanks for your hospitality during his visit to nuclear power stations and other relevant facilities in Japan last November.

With regards to your request on invitation letter from the Government Office, he explained that The Vietnam Prime Minister has assigned the MOI and MOSTE to conduct a project on the Pre-feasibility study on the construction of the first nuclear power plant in Viet Nam. A Steering Committee that is establishing will be fully responsible for the project. While waiting the Prime Ministers' decision on Steering Committee's establishment, JAIF could contact the MOI or MOSTE on the issues related to the nuclear power development in Viet Nam.

In this connection, I would like to inform you that the MOSTE's Vice Minister Hoang Van Huay will be very happy to invite Japanese nuclear official delegation to visit Viet Nam.

I thank you sincerely for your understanding and cooperation.

With best regards,

Vuong Huu Tan
Chairman of the VAEC
