Tokyo 105-8605, JAPAN

Dear Mr. Mori:

歐陽敏盛

I would like to inform you of my retirement from AEC, which will take effect on February 1, 2002, to further pursue the goals of my personal life. Dr. Min-Shen Ouyang, who has been serving as Senior Vice Chairman of AEC for nearly two years, will become new Chairman on the same day.

Dr. Ouyang is a nuclear and mechanical engineer by training, and has been teaching at the National Tsing Hua University for 18 years before joining AEC in May 1990. He has committed himself to upholding the 'safety first' principle for all nuclear facilities in Taiwan, including the construction of Taiwan's Fourth Nuclear Power Plant, and ensuring the people in Taiwan being free of nuclear fears and radiation disasters.

Let me take this occasion to express my sincere gratitude for the effort you and your colleagues at JAIF have made in nurturing a fine cooperative relationship between our organizations over the past years. I am certain that you will continue to lend your support to AEC under the new leadership of Chairman Ouyang.

Sincerely yours,

C. P. Hu
Ching-Piao Hu
Chairman
