4/1 国技館 2002

Jakarta, March 2002

Dear Sir/Madam,

I would like to inform you that I shall be leaving Indonesia by the end of March, 2002.

Taking this opportunity, I heartily express my sincere gratitude and appreciation for the valuable support as well as good cooperation and warm friendship you have always extended to me during my six and a half years stay in Indonesia.

It is my great pleasure to introduce my successor,

** Mr. Takehiko MUKAIYAMA **

and I shall be very grateful if you render him the same friendly assistance you have accorded to me.

I sincerely hope that the nuclear application and energy in Indonesia should steadily develop with the support of the radiation and nuclear safety.

With my very best wishes for your health and success in the years ahead.

Sincerely yours,

Naoyuki TAMURA

**Director, Jakarta Liaison Office
Japan Atomic Industrial Forum, Inc.**
