Dear Mr. Mori:

I write to reinforce my commitment as the incoming chair of the WNA to work constructively with JAIF. The theme of the Omiya conference could not have emphasized more the importance of working together for the better understanding and acceptance of the benefits of nuclear energy.

I have also written to Dr. Kikuyama reinforcing my sincere interest in co-operating with JAIF and making sure that this industry is well represented with a strong and united voice. I look forward to hearing your views on how best we can achieve our mutual goals.

Very best regards.

Sincerely,

Gerald W. Grandey
