Japan  
Fax.: +81-3-5777-0762

Dear Mr. Mori,

It was indeed a pleasure for me to have the opportunity of meeting you and your senior staff during my recent visit to Japan. The meeting enabled me to become familiar with the range of peaceful nuclear applications in your country currently and for the future.

I was particularly pleased for the opportunity to have such a lively discussion with you especially concerning your views in enhancing the peaceful application of nuclear technology to development needs, including the role of nuclear power in meeting energy demand.

I hope that the successful cooperation which exists already will keep on continuing and developing and I wish to thank JAIF for the excellent arrangement of my visit and for the kind hospitality extended to me and my staff.

Yours sincerely,

**Dr. Soedyartomo Soentono**  
Chairman
