Tokyo 105-8605 Japan

Dear Mr. Mori,

Now that I am back in Moscow I wish to thank you for the excellent hospitality you and your colleagues extended to me and for the interesting discussion that I had with you at the Annual JAIF Forum.

I consider that our talks were very instructive and fruitful. Indeed, issues of severe accidents, utilization of submarines, emergency response and risk assessment are exceedingly important in terms of future development of nuclear power and environmental protection. I believe that cooperation and exchange in these areas will be to the mutual benefit of both JAIF and my Institute.

I am looking forward to seeing you in Moscow as a guest of Nuclear Safety Institute of Russian Academy of Sciences.

Sincerely yours,

Director,
Corresponding Member of RAS

L. Bolshov
