Dear Mr. Bouchard,

I would like to express my sincere gratitude to you and your staffs as well as the people concerned for the generous hospitality extended to the Japanese participants in the N-20 meeting at Dinard. It was also our great pleasure to have discussed several important problems for both of us at that time.

I heard that you suggested in the conversation with Dr. Uematsu that we hold a working group meeting on the Pu management problem in next January at the earliest. You may have referred to the article 9 of the Joint Statement we agreed at the N-20 meeting, I wonder. If so, I would like to ask you to propose the date and place of the WG meeting.

Besides, I hope that you will give a careful consideration to the matter on which Mr. Bordier has made contact with Mr. Morioka.

Looking forward to your reply.

Sincerely yours,

Kazuhisa Mori

Executive Vice Chairman
