Japan Atomic Industrial Forum, Inc.  
Daiichi Chojiya Bldg, 2-13, Shiba-Daimon  
1-chome, Minato-ku, Tokyo 105-8605

Japan

Dear Mr. Mori:

NEI's weekly industry newsletter, *Nuclear Energy Overview*, is making the transition to a full electronic format, effective with our June 30 issue. We are taking this step in response to the needs of our members and other key contacts, and we trust this transition will provide a new, cost-effective approach toward apprising you of industry developments and issues. The June 23 issue of the newsletter will be the last mailed in hard copy. All subsequent issues will be sent electronically to our readers every Friday evening as an e-mail attachment. As before, the newsletter will be available on NEI's member Web site at <http://member.nei.org>.

I urge you to review and return the enclosed address correction request to NEI's member services department, even if no corrections are needed, paying particular attention to the e-mail address. Upon receipt of your correction sheet, you will be added to the e-mail distribution list. Should it be a concern, I assure you that NEI does not make any portion of our mailing list, including e-mail addresses, available to outside sources.

Please contact me if you have any questions or concerns.

Sincerely,

A handwritten signature in dark ink, appearing to read "Walter H. Hill", is written in a cursive style.

Walter H. Hill  
Director, Editorial Services
