Dear Mr. Kazuhiro Mori,

Thank you very much for your proposal to participate to the 37th Japan Atomic Industrial Forum (JAIF) that will be held in Tokyo from April 21-23, 2004.

It's a great pleasure and an honour for me to accept your suggestion and to have the possibility to present the current status of the nuclear policy in France on this occasion.

I agree also with your proposal to manage an appointment to prepare the next N-20 meeting.

With my best regards,
