

**Subject: International Association Meeting**

**Date: Thu, 8 Apr 2004 14:22:52 -0400**

**From: "Kikuyama, Kaoru" <kk@nei.org>**

**To: "Nobuo Ishizuka" <ishizuka@jaif.or.jp>, <takuma@jaif.or.jp>**

As you have received the invitation letter electronically from Howard, NEI, can you consider to participate in this meeting? From the JAIF's resource and time point of view, it may not be worth attending. However, we're now working on the programme, which will ask every organization to make a brief presentation on the subject of its major concern. For JAIF, it would be the PA problem. After each topic presentation, we'll have discussions on how to promote coordinated solutions among the organizations. This meeting will be also a good opportunity to learn how other organizations are working on certain issues.

I'll send out a note later on to ask everyone for comments and suggestions on the programme structure and subjects.

Kikuyama

## NUCLEAR ENERGY INSTITUTE

Angelina S. Howard  
Executive Vice President

March 25, 2004

Mr. Kazuhisa Mori  
Executive Vice Chairman  
Japan Atomic Industrial Forum, Inc.  
Daiichi Chojiya Bldg, 2-13, Shiba-Daimon  
1-chome, Minato-ku, Tokyo 105-8605  
Japan

Dear Mr. Mori:

Over the course of the last year, several international nuclear associations have suggested it would be beneficial to us all to conduct an open dialogue on issues of mutual interest and share experiences and good practices in the nuclear arena. To make the best use of everyone's time, we might arrange these periodic meetings in conjunction with other industry events.

With that in mind, I would like to invite you to a first industry association discussion on Friday, May 14, 2004, 12:30 p.m. to 4:00 p.m. at The Ritz-Carlton New Orleans, New Orleans, Louisiana. This would be in conjunction with the nuclear industry's annual conference, the Nuclear Energy Assembly, May 12-14, 2004, also at The Ritz. This annual conference draws together about 300 of our industry's leadership to meet and discuss some of the policy issues facing our industry. I have attached a Nuclear Energy Assembly Preliminary Program, which also includes hotel and conference registration information. You should make your hotel reservations directly with The Ritz to get the special conference rate.

I also invite you to provide items for our agenda, which I will send to you in advance of the meeting. We might consider addressing the situation in each of our countries related to environmental issues, status of waste disposal, need for new capacity, etc.

Please indicate on the attached reply form your intention to be with us in New Orleans. If you have any comments or suggestions please contact me at [ash@nei.org](mailto:ash@nei.org) or Kaoru Kikuyama, at [kk@nei.org](mailto:kk@nei.org). I look forward to being with you in New Orleans.

Sincerely,

A handwritten signature in dark ink, appearing to read "Angelina", written in a cursive style.

Angelina S. Howard
