Ms. Angelina S. Howard  
Executive Vice President  
Nuclear Energy Institute  
1776 1 street, NW, Suite 400,  
Washington, DC 20006-3708  
U. S. A.

Dear Ms. Howard,

In the 37th JAIF Annual Conference held in Tokyo last month, Mr. Charles Dugger, Vice President of your institute made a splendid presentation, which not only enlightened but also encouraged us very much. I would like to express my sincere gratitude to him here. He also spared the time to talk with the Japanese persons concerned at that occasion. As for me, it was a great pleasure to have a discussion with him, through which I realized again that your country have a fundamental background over which rational regulation will obtain the social confidence, which Japan does not have almost at all.

As you have already got the information, Mr. Nobuo Ishizuka, Director and Secretary General of our forum is going to participate in the discussion on Friday, May 14 on behalf of me. Please kindly give support to him.

I received a wonderful gift from you through Mr. Dugger. It is really a "high-tech" product. I put it on my desk. I am looking at it, feeling this planet's responsibility to the future.

Please give my best regards to Mr. Joe Colvin, President and CEO of your institute.

I hope you will give Ms. Kaoru Kikuyama of JAIF further encouragement as before.

Sincerely yours,

*Kazuhisa Mori*  
Kazuhisa Mori

Executive Vice Chairman
