YAMADA Hiroshi
Director General
National Institute for Fusion Science

Announcement of Open Recruitment

The National Institute for Fusion Science (NIFS) seeks young researchers with advanced research ability for promoting fusion science by engaging them in research for a fixed period of employment. Guidelines follow below.

1. Title and Number of positions to be filled

Title: Center of Excellence Researcher (a post-doctoral fixed-term researcher)

Number: Several

2. Purpose of NIFS

To promote fusion science and its application

3. Requirements for applicants

Applicants should meet either of the following qualifications:

- (1) Holding the Ph.D. degree and be within eight years since receiving that degree
- (2) To receive the Ph.D. degree before the start of employment on October 1, 2025

4. Research fields

(Immediately after hiring) Fusion science and related research.

(Scope of change) No change.

5. Term of appointment

From October 1, 2025, to September 30, 2027. (Contract renewal: No renewal) If the applicant has been employed at NIFS as a Center of Excellence Researcher before September 30, 2025, the period of employment will be four years maximum, including that period. When the start of the employment is delayed from October 1, 2025 due to conditions for which the applicant is not responsible, the period of employment will be two years from the start of the employment.

6. Salary

Approximately 4,000,000 Japanese yen a year including taxes.

(Approximately 340,000 Japanese yen each month including taxes.)

7. Application deadline

Tuesday, August 12, 2025, by 17:00 (5:00 p.m.), Japan time

8. Selection system

Selection will be made by the Administrative Council of NIFS. The decision will be based upon the examination of documents. However, if necessary, an interview may be conducted. In the event that appropriate candidates cannot be found, all posts may not be filled.

9. Documents to be submitted

The following documents (1) - (6) must be submitted via e-mail (see Section 10. for e-mail address). For the letter of recommendation (7), please follow the instructions in Section 10.

(1) Resume: use the designated form of NIFS.

(<https://www.nifs.ac.jp/en/about/recruit/index.html>) The date of birth and possible starting date should be written. One color photograph should be affixed. If the applicant has received a Ph.D. degree, please state the name of the degree and the date received. Contact information should include an e-mail address.

(2) Research history: any format with a title which is your research project is acceptable, however, this text should not exceed three pages single-spaced. Please describe the research conducted as a Ph.D. student and as an M.S. student.

(3) Research topic upon employment: any format is acceptable, however, this text should not exceed two pages single-spaced. Potential candidates should design a research plan together with the desired supervisor at NIFS for approval before applying. The name of that individual should be included in this text.

(4) List of publications: any format is acceptable. All co-authors should be included. The papers should be noted as “refereed” or “not refereed.” In compiling the publication list, “Guidelines for compiling the list of publications”

(<https://www.nifs.ac.jp/en/about/recruit/index.html>) should be consulted.

(5) Offprints: offprints of three major publications should be included. Should the candidate not yet have publications, a dissertation, papers under review for possible publication, or papers in preparation may be included. Photocopies are acceptable.

(6) A document of a brief summary of each publication that you state in (4) and attach in (5) and your contributions in them.(any format)

(7) Letters of recommendation: any format is acceptable.

All of the above documents should be A4 size and should convert to each separate PDF file.

The applicant's name should be typed in the upper right corner of all pages of the submitted documents.

10. Mailing address:

(1) Application documents other than the Letters of recommendation

Send an e-mail to nifs-jinji@nifs.ac.jp with “Apply for COE Researcher” as the Subject. We accept PDF files only.

(2) Letters of recommendation

The letter of recommendation should be sent directly from the recommender by post or e-mail.

- We accept either PDF file(s) or hard copy(ies).
- PDF file(s) should be sent to nifs-jinji@nifs.ac.jp (The e-mail subject should be "Recommendation for COE Researcher".)
- The hard copy of the letter(s) should be sent by post mail addressed to

Personnel Section, General Affairs Division
 Department of Administration
 National Institute for Fusion Science
 Oroshi-cho 322-6, Toki City, Gifu Prefecture
 509-5292 JAPAN
 Tel: +81-572-58-2015
 Fax: +81-572-58-2601

11. Contact Information for the National Institute for Fusion Science

(1) Regarding application documents

Personnel Section, General Affairs Division
 Department of Administration
 National Institute for Fusion Science
 [e-mail] nifs-jinji@nifs.ac.jp

(2) Regarding research

Professor SAKAMOTO Ryuichi, Director of Department of Research, NIFS
 Tel: + 81-572-58-2148

12. Miscellaneous

(1) The information regarding the job offering may also be found on the NIFS website

(<https://www.nifs.ac.jp/en/about/recruit/>).

(2) The hard copy of Letters of recommendation will not be returned after submission.

(3) NIFS respects the basic law for a gender-equal society in the selection process. The National Institutes of Natural Sciences (NINS) is committed to improving the quality of education and research by increasing the diversity of researchers.

- In the case that two or more applicants are assessed as having the same level of ability, the job is given to the female and foreign candidate.
- If an applicant has taken a leave or leaves for the purpose of maternity, child-care, and/or family-care (including shorter working hours for the purpose of child-care, and/or family-care), or has been absent from research activities due to disease or an injury that occurred in the workplace or while commuting, please describe this in the resume. NIFS will take this information into consideration in the selection process.
