

The 25th International Toki Conference

Creating the Future: – Innovative Science of Plasma and Fusion –

November 3-6, 2015

Ceratopia Toki, Toki-City, Gifu, Japan

Topics

1. Helical Plasma Research
2. Tokamak and ITER Related Research
3. Innovative Applications of Plasmas
- Industrial/Chemical/Medical and Agricultural Applications -
4. Basic Plasma Science - Laboratory and Space Plasmas-
5. Fusion Technology Research
6. Theory and Simulation Research
7. Laser Plasma Sciences
8. Plasma Wall Interaction Research
9. Other Fields of Sciences

Chairs of Committees

- ✦ Advisory: Yasuhiko Takeiri
- ✦ Program: Makoto Ichimura
- ✦ Local Organizing: Takashi Mutoh

Plenary Speakers

- Nathaniel J. Fisch (PPPL)
- Heinrich Laqua (IPP-Greifswald)
- Masayuki Ono (PPPL)
- Jean-Marie Noterdaeme (IPP-Garching)
